New Advertisements.

"German Here is an incident from the South

-Mississippi, written in April, 1890,

just after the Grippe had visited that country. "I am a farmer, one of those who have to rise early and work late. At the beginning of last Winter I was on a trip to the City of Vicksburg, Miss., where I got well drenched in a shower of rain. I went home and was soon after seized with a dry, hacking cough. This grew worse every day, until I had to seek relief. I consulted Dr. Dixon who has since died, and he told me to get a bottle of Boschee's German Syrup. Meantime my cough grew worse and worse and then the Grippe came along and I caught that also very severely. My condition then compelled me to do something. I got two bottlesof German Syrup. I began using them, and before taking much of the second bottle, I was entirely clear of the Cough that had hung to me so long, the Grippe, and all its bad effects. I felt tip-top and have felt that way ever since." PETER J. BRIALS, Jr., Cayuga, Hines Co., Miss.

OREGON KIDNEY

JOHN DYER, Room 11, Spreckels Block.

CURES BACKACHE

Is the Most Wonderful Medical Discovery of Modern Times.

> -A N D-KIDNEY TROUBLE

It is strictly a vegetable production and will not injure the smallest child nor the most delicate woman, but will cure pain in the back and kidneys, nonretention of urine, diabetes, inflammation of the bladder or kidneys, brick dust deposit in urine, leucorrhoea, painful or suppressed menstruation, nervousness, and all complaints arising from a diseased or debilitated state of the kidneys or urinary organs of either sex.

Many mistake the pains arising from defective action of the kidneys for rheumatism, and in attempting to cure the latter by outward applications, fail entirely to reach the seat of the disease. We do not offer the OREGON KID-NEY TEA as a specific for rheumatism, but are satisfied that many cases of so-called rheumatism would yield to its remedial virtues. The leaf is put up in air tight tin caddies which preserve intact its medical properties and the decoction is made by the person using it, thus securing its ab-

There are thousands afflicted with diseases of the kidneys or urinary organs who suffer in silence rather than make known their troubles. Others seek relief by the use of various patent medicines, which, if they do not aggravate the disease, at least do not lessen it. Even those who secure the advice of physicians often fail to get relief, owing to the very complicated and delicate nature of the
